HyperStudio 4 is available in a hybrid PowerMac®/Windows® 95/98 CD-ROM or Windows® NT format through Knowledge Adventure and most educational resellers such as Educational Resources.

All school versions of the software include Knowledge Adventure's exclusive School-to-Home license for teachers and students to use the software on home computers for lesson planning or homework. The approximate street price is \$115.95 for teacher editions, which include two copies of the software, a Teacher's Guide and a User's Guide. Lab packs for five users are \$265.95; and site licenses for 15 users are \$725.

Upgrade pricing for current HyperStudio users is also available. The software includes toll-free technical support, available from 8 a.m. to 5 p.m. Pacific Time every business day.

For sales and ordering information, customers can call Knowledge Adventure at (800) 545-7677, or an authorized Knowledge Adventure reseller.
